Western Fishing District

The Western Fishing District includes all waters in Montana west of the Continental Divide.

For additional information about fishing in this district, please call the following regional headquarters Monday-Friday 8:00 a.m. - 5:00 p.m.:

Kalispell	406-752-5501
Missoula	406-542-5500
TDD (Telephone Device for	the Deaf)406-444-1200

Western District Standard Regulations

Closed Waters

Waters operated as fish hatcheries and rearing ponds by FWP and the US Fish and Wildlife Service shall be closed to fishing at all times. Waters in which FWP operates fish traps and other structures are closed to fishing as posted. Certain water-supply lakes, streams and hazardous areas are also closed as posted.

Dam Closures and Use Restrictions

In the interest of public health and safety, certain areas above and below most dams are closed to the public. These restrictions include areas where no public access is allowed below the ordinary high-water mark. The restricted areas are identified and delineated by signs and/or boat restraining systems.

The following dams are closed to all boating, sailing, floating, swimming, fishing or other recreational activity as marked by boat restraining systems or as posted to restrict access. Other dams not listed here may also be posted for restricted access. For more information call the FWP Fishing Access Coordinator at 406-444-7885, or contact the Army Corp of Engineers 406-293-7751, x255, AVISTA 406-847-2729, Bureau of Reclamation 406-387-5241, DNRC 406-444-2932, Northwest Energy 406-258-6348, or PPL Montana 406-533-3415.

 Big Fork Dam (Lake County), Hungry Horse Dam (Flathead County), Kerr Dam (Lake County), Libby Dam (Lincoln County), Noxon Rapids Dam (Sanders County), Thompson Falls Dam (Sanders County)

Beaver Ponds

Beaver ponds on streams are governed by the same regulations that govern the streams.

Irrigation Canals and Ditches

Man-made irrigation canals and ditches are open year round unless stated otherwise in exceptions to standard regulations. The same daily and possession limits apply to them as for rivers/streams.

Reservoirs

Under normal operations, reservoir pool elevation, surface acreage and the mouths of the inlet stream(s) are expected to vary throughout the year. An imaginary line connecting the reservoir shoreline across the mouth of the stream marks the boundary between reservoir and stream/river, and the boundary will move as reservoir levels change. Streams are defined by a sloped streambed that results in a defined current flow between two discernible stream banks. Stream regulations apply upstream from the mouth of the reservoir and often are managed under seasons, limits and special regulations that differ from the reservoir regulations.

Flathead Indian Reservation

A tribal permit is required to fish on waters within the exterior boundary of the Reservation. Call tribal headquarters at 406-675-2700 for information.

Transporting Live Fish

An import permit is required to bring live fish into Montana. It is unlawful to possess or transport live fish away from the body of water in which the fish were taken except for transportation of fish for valid (approved) commercial purposes or as authorized by FWP.

Boat and Motor Restrictions

All passengers under the age of 12 must wear a personal floatation device (PFD) at all times when the boat is in motion if the boat is less than 26 feet long. A wearable, U.S. Coast Guard approved PFD must be available for each occupant of any boat.

Warm Water Game Fish Stamp

The Montana Legislature passed a bill to require the purchase of a warm water game fish stamp. The warm water game fish stamp is required to fish on the following waters in the Western District:

Blanchard Lake, Flathead County Echo Lake, Flathead County Half Moon Lake, Flathead County Island Lake (Happy's Inn), Lincoln Cnty Loon Lake (Ferndale), Lake County Loon Lake (Happy's Inn), Lincoln Cnty Lower Thompson Lake, Lincoln Cnty Murphy Lake, Lincoln County Savage Lake, Lincoln County Spencer Lake, Flathead County

Methods of Taking Fish

- · A valid fishing license is required for all types of fishing.
- Spears and bows count as lines for purposes of determining line limits.
- All unattended fishing devices (crayfish traps, minnow traps, fish traps, setlines, etc.) must have the angler's name and phone number or name and ALS# attached.

Hook and Line Limits

Open Water

Rivers and Streams

 1 line with 2 hooks per line, with or without a rod. The rod or line must be attended and in the angler's immediate control.

Lakes and Reservoirs

 2 lines with 2 hooks per line, with or without a rod. Each line must be attended and in the angler's immediate control.

Ice Fishing

Lakes and Reservoirs

2 lines with 2 hooks per line on all lakes and reservoirs open to fishing. When a line is
used through the ice, the angler need not be in immediate control but must be in the
vicinity and in visual contact with the line.

Size of Hole

- In waters not open to spearing, the maximum size hole that may be used for ice fishing is 144 square inches or 12 inches in diameter.
- There is no size limit for a hole used for fishing with a spear.

Shelters

- <u>Definition/use</u>: Any hut or enclosure constructed of any material, except ice or snow, for the purpose of ice fishing. It is illegal to use any ice fishing shelter not conforming to the following rules:
- Identification: Identification must be painted on or otherwise affixed to all unattended shelters in legible, 2-inch letters plainly visible at a distance of 100 feet. Identification must include the owner's name and address, name and phone number, or 9/10-digit ALS number. Attended shelters at Brown's Lake and Georgetown Lake must also be identified.
- Inspection: Each closed shelter shall have a door that an officer may readily open from the outside for inspection when it is occupied.
- Waste and rubbish disposal: Owners and occupants of shelters are required to keep their shelters (and the area immediately around them) free from rubbish and trash. Anglers must remove waste materials before they leave for the day.
- **Removal**: Daily removal of shelters is required on:

Browns Lake (near Ovando)

Echo Lake (near Anaconda)

Georgetown Lake

 Removal after the season: The owner of an ice fishing shelter shall remove it from the ice before it becomes irretrievable at the end of the season, or within five days from receipt of notification from FWP to remove the shelter.

Setlines

Setlines (unattended lines) are not allowed in the Western Fishing District.

Bow and Arrow

 All waters are closed to bow-and-arrow taking of fish, except as noted under special regulations.

Crossbows

illegal.

Nets and Traps

 Landing nets may be used for landing hooked fish. See Bait Regulations for use of nets to harvest bait fish.

Snagging

 All waters are closed to snagging of game and nongame fish, except as otherwise noted under District Exceptions.

Spearing

 All waters are closed to spearing of game and nongame fish, except as noted under special regulations. Rubber or spring-propelled spears may be used only by persons swimming or submerged in the water and may be used only for designated species in designated waters.
 Only hand-propelled spears may be used through the ice.

Bait Regulations

- Game fish, including yellow perch, may <u>not</u> be used as bait except as authorized below under Dead Bait.
- · Possession of live fish or use of live fish as bait is prohibited in the Western Fishing District.
- It is illegal to release live bait of any kind into Montana waters; do not empty any live bait containers at your fishing site.
- Nongame fish except sculpins (genus Cottus), carp, goldfish and rainbow smelt may be taken for use as dead bait in the following manner:
 - with hook and line: or
 - with seines no larger than 12 feet by 4 feet; or
 - with minnow traps (the dimensions shall not exceed 24 inches x 12 inches x 12 inches); or with cast nets (maximum 6-foot radius) and dip nets (no larger than 3 feet x 3 feet).
- See Commercial Fishing License requirements for information on commercial harvest
- All unattended fishing devices (crayfish traps, minnow traps, fish traps, setlines, etc.) must have the angler's name and phone number or name and ALS# attached.

Dead Bait

- Nongame fish that are freshly killed or have been preserved by freezing, salting or pickling
 may be used whole or in pieces as bait on all waters not restricted to artificial lures only.
 Sculpins (genus Cottus) may not be used as bait, live or dead, in the Western Fishing
 District.
- Whole game fish may not be used as bait.
- Parts/pieces of bass, burbot (ling), black crappie, northern pike, or yellow perch may be used as bait if edible portions are not wasted.
- The eggs of char, cisco, grayling, salmon or trout may be used as bait. Other parts/pieces of salmonids may not be used as bait.

Live Bait

- Live bait may not be imported into Montana without authorization from FWP.
- Live animals such as meal worms, red worms, night crawlers, leeches, maggots, crayfish, reptiles, amphibians and insects may be used as bait on all waters not restricted to artifical flies and lures. Leeches may only be imported into Montana from FWP approved leech dealers. Anglers who import leeches must have in their possession a bill-of-sale from the approved out-of-state leech dealer when fishing with leeches in Montana. A list of approved out-of-state leech dealers may be obtained from FWP by calling 406-452-6181.

General Regulations

Possession limit means the number of fish that you may possess at any time in any form: fresh, stored in freezers or lockers, salted, smoked, dried, canned or otherwise preserved. It is illegal to preserve fish (salted, smoked, dried, canned, or otherwise preserved) before taking them to your permanent residence (the physical abode or structure you maintain as your principal, legal residence) unless those fish can be counted. Mobile recreational vehicles, travel trailers, tents or storage/freezer lockers do not qualify as permanent residences. No person may sell or take for the purpose of sale any fish except as authorized in commercial fishing regulations.

Daily limit means the number of fish you may legally take during a calendar day. It is unlawful to exceed the standard daily limit unless the regulations for the water body where you are fishing specify a different limit. "Legally taken" means fish caught and not immediately released alive. Where catch-and-release is allowed, fish immediately released alive are considered not taken. A fish when landed and not immediately released becomes part of the daily limit of the person originally hooking the fish, even if the fish is donated to another person. If you receive fish from another angler, those fish also become part of your daily limit. You may possess the daily limit allowed only for the body of water on which you are fishing.

Handling and Transporting Legally Taken Fish

While a person is fishing, or while on the water or on the ice:

- All fish in possession must be visibly identifiable to species.
- All fish in possession must be whole with head, skin, fins and tail attached. Gills and entrails
 may be removed.

Fish may be dressed and filleted for transport to your permanent residence, unless size limits apply, under the following conditions:

- All fish can be counted and identified. Two fillets will be counted as one fish. If the catch is
 frozen prior to transport, each fish or fillet must be packaged so it can be counted.
- Salmonids (trout, salmon, grayling, char and whitefish): the entire skin must be attached to the fillet for identification.

General Fishing Seasons and Hours

Fishing Hours

 Fishing is allowed at all hours during open fishing seasons unless otherwise specified in District Exceptions to Standard Regulations.

Fishing Season: Rivers and Streams

 Open third Saturday in May through November 30 unless otherwise specified in District Exceptions to Standard Regulations.

Fishing Season: Lakes and Reservoirs

• Open entire year unless otherwise specified in District Exceptions to Standard Regulations.

Western District Standard Daily and Possession Limits

- Each angler may take all of the limits listed in the chart, unless otherwise noted in the Western District Exceptions. For species not listed, there are no limits on the number of fish that may be taken or possessed.
- Anglers who move from one fishing water to another may possess the limit of fish allowed only for the water on which they are currently fishing.

Species		Daily and Possession Limits		
TR	Brook trout	20 daily and in possession.		
	Bull trout	All waters are closed to angling for bull trout and all fish must be immediately released unless otherwise authorized in the Western District Exceptions. See Special License Requirements on page 5. Note: Federal rules prohibit the attempted take of bull trout unless specifically authorized by state or tribal regulation.		
	Combined Trout includes brown trout, rainbow trout, golden	Lakes/Reservoirs: 5 daily and 10 in possession, only 1 over 22 inches and in possession.		
	trout and grayling	Rivers/Streams: 5 daily and in possession, only 1 over 14 inches.		
0	Combined Trout	Lakes/Reservoirs: 3 daily and in possession, no size limit.		
U	in Bob Marshall Complex	Rivers/Streams: 3 daily and in possession, none over 12 inches.		
	Wilderness Areas¹ and South Fork Flathead includes rainbow trout, grayling and cutthroat trout	¹ Applies to all rivers, streams and lakes in the South Fork Flathead River drainage from Hungry Horse Dam to the wilderness boundary and all waters within the boundaries of the Bob Marshall, Great Bear and Scapegoat wilderness areas, unless otherwise specified in the District Exceptions.		
	Cutthroat trout	Lakes/Reservoirs: 3 daily and in possession, no size limit. Rivers/Streams: 3 daily and in possession, none over 10 inches.		
	Lake trout	10 daily and in possession.		
Bass		5 daily and in possession, no size limit. Third Saturday in May through June 30:1 daily and in possession, must be over 22 inches.		
Burbot (ling)		5 daily and in possession.		
Kokanee salmon		20 daily and 40 in possession.		
Northern pike		15 daily and in possession.		
White sturgeon		o - this is an endangered species and all fish must be released immediately. All waters are closed to angling for white sturgeon.		
Whitefish 2		20 daily and 40 in possession.		

2011 GENERAL FISHING SEASON			
	Rivers and Streams	Lakes and Reservoirs	
Western District	Open third Saturday in May through November 30, unless otherwise specified in Exceptions to Standard Regulations.	Open all year	

If you don't find the water you are looking for listed in the district exceptions, use the standard regulations for the district you are fishing in.

Western District Exceptions To Standard Regulations

Check the following list of waters for the body of water you intend to fish in the Western District. If the body of water is not found in the listing of Exceptions, all of the Western District standard seasons, daily/possession limits, and standard regulations apply. Standard regulations apply for species not listed in the Exceptions.

Waterbody/Section

Exceptions to Standard Regulations

ABBOT LAKE

 Bass: 1 daily and in possession from the third Saturday in May to July 1, must be over 22 inches. 5 daily and in possession from July 1 to the third Saturday in May, only 1 over 12 inches.

ALICE CREEK (tributary to Blackfoot River)

- · Catch-and-release for cutthroat trout.
- Combined Trout: 3 daily and in possession, no rainbow trout over 12 inches, any size brown trout.

ANACONDA SETTLING POND SYSTEM

See Warm Springs Wildlife Management Area.

ASHLEY LAKE

Entire lake

• Salmon: 35 daily and 70 in possession.

Inlet tributaries

· Closed entire year.

BASIN CREEK AND TRIBUTARIES (tributary to East Fork Yaak River)

• Combined Trout: 3 daily and in possession, none over 10 inches.

BEAR CREEK (tributary to Middle Fork Flathead River)

 Angling is closed within 150-yard radius of the stream mouth from June 1 through September 30.

BEAVER CREEK (tributary to Blackfoot River)

- · Catch-and-release for cutthroat trout.
- Combined Trout: 3 daily and in possession, no rainbow trout over 12 inches, any size brown trout.

BEAVERTAIL POND

Bass: 3 daily and in possession, none over 12 inches.

BELMONT CREEK (tributary to Blackfoot River)

- · Catch-and-release for cutthroat trout.
- Combined Trout: 3 daily and in possession, no rainbow trout over 12 inches, any size brown trout.
- Artificial lures only within 100-yard radius of mouth.

BIG CREEK AND TRIBUTARIES (tributary to North Fork Flathead River)

Closed entire year.

Mouth of Big Creek

 Angling is closed within 150-yard radius of the stream mouth or as posted June 1 through September 30.

BITTERROOT LAKE (see Little Bitterroot Lake)

BITTERROOT RIVER (note: river flows south to north)

Ditches, canals and sloughs between US 93 and east side highway, and between Hamilton and the Florence Bridge

Regulations are the same as the adjacent river section.

Bitterroot River to the mouth, West Fork Bitterroot River downstream from Painted Rocks Dam. and East Fork Bitterroot River downstream from Star Falls

 Extended season for northern pike and whitefish and catch-and-release for trout open December 1 to third Saturday in May with aquatic insects, maggots and/or artificial lures only.

West Fork Bitterroot River above Painted Rocks Reservoir

Catch-and release for cutthroat trout.

Painted Rocks Dam to mouth of West Fork Bitterroot River

- · Catch-and-release for cutthroat trout.
- Combined Trout Limit: 3 rainbow or brown trout daily and in possession.

One mile downstream of Darby Bridge to Star Falls on the East Fork

- · Catch-and-release for cutthroat trout.
- Combined Trout: 3 rainbow or brown trout daily and in possession, only 1 over 14 inches.

One mile downstream from Darby to Como Bridge

- Catch-and-release for all trout.
- Artificial lures only.

Como Bridge to Tucker Crossing

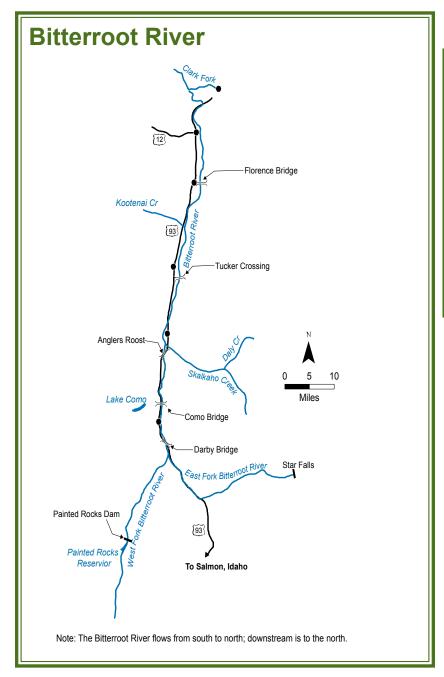

- Catch-and-release for cutthroat trout.
- Combined Trout: 3 rainbow or brown trout daily and in possession, only 1 over 14 inches.

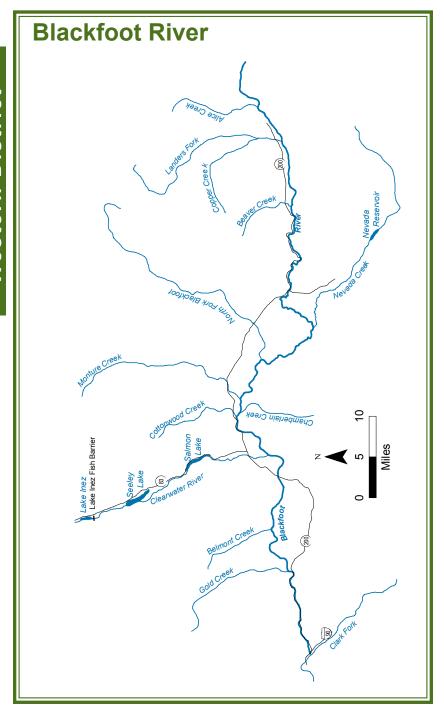

Tucker Crossing to Florence Bridge

- · Catch-and-release for all trout.
- Artificial lures only.

Florence Bridge to mouth of Bitterroot River

- · Catch-and-release for cutthroat trout.
- Combined Trout: 3 rainbow or brown trout daily and in possession, only 1 over 14 inches.

28 If you see this icon, turn to page 14 for information on Sport Fish Consumption Guidelines.

BLACKFOOT RIVER AND TRIBUTARIES

Mainstem and all tributaries except the Clearwater River

- Catch-and-release for cutthroat trout.
- Combined Trout: 3 daily and in possession, no rainbow trout over 12 inches, any size brown trout. (See Clearwater River Drainage for exception.)
- Artificial lures only within 100-yard radius of the mouths of Belmont Creek, Copper Creek, Gold Creek, Monture Creek and North Fork Blackfoot River.

Mainstem only

 Extended season for northern pike and whitefish and catch-and-release for trout open December 1 to third Saturday in May with artificial lures and/or maggots only. Tributaries are closed to fishing.

Mainstem from Landers Fork mouth downstream to confluence with the Clark Fork River

- Closed to fishing from the confluence with the Clark Fork River to about 1 1/2 miles upstream, as posted.
- · Catch-and-release for brook trout. (This regulation is a result of bull trout being misidentified and harvested as brook trout. Brook trout are very rare in this section of river whereas bull trout are common.)

BLANCHARD LAKE (near Whitefish)

- Northern pike: 5 daily and in possession, 4 less than 28 inches and 1 greater than 36 inches.
- Bass: 1 daily and in possession, must be over 22 inches.

BLUE SKY CREEK

Closed entire year.

BOOTJACK LAKE (near Whitefish)

- Open April 1 through November 30.
- Combined Trout: 1 daily and in possession, 22-inch minimum.
- Artificial lures only.

CALLAHAN CREEK AND TRIBUTARIES (Kootenai River drainage)

Includes North Callahan and South Callahan creeks

Combined Trout: 3 daily and in possession, none over 10 inches.

CEDAR CREEK (tributary to Clark Fork River)

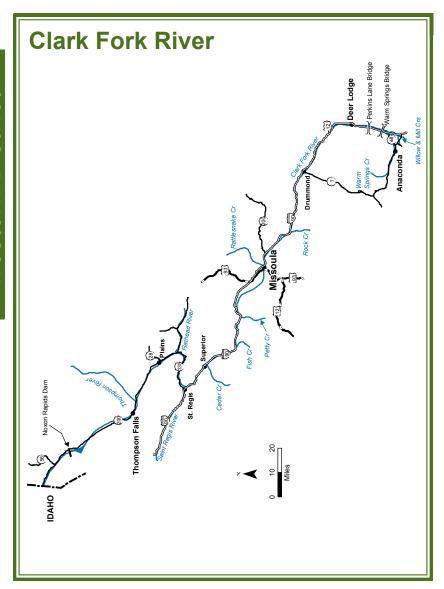

Artificial lures only, including within a 100-yard radius of the mouth.

CHAMBERLAIN CREEK (tributary to Blackfoot River)

- Catch-and-release for cutthroat trout.
- Combined Trout: 3 daily and in possession, no rainbow trout over 12 inches, any size brown trout.

CHURCH SLOUGH

- Open entire vear.
- Bass: 1 daily and in possession from the third Saturday in May to July 1, must be over 22 inches. 5 daily and in possession from July 1 to the third Saturday in May, only 1 over 12 inches.
- Hook and Line: 2 rods and/or lines with up to 2 hooks per line all year.

CIBID LAKE

Combined Trout: 4 under 12 inches and 1 over 22 inches daily and in possession.

CLARENCE CREEK (near Eureka)

Closed entire year.

CLARK FORK RIVER

Upstream from Perkins Lane Bridge, near Warm Springs

- Open entire year.
- · Catch-and-release only.
- Artificial lures only.
- · Closed to fishing from boats/vessels.

Perkins Lane Bridge, near Warm Springs, to mouth of Flathead River

- Closed to fishing from about 2 1/2 miles upstream from the confluence of the Blackfoot River to about 1/2 mile downstream, as posted.
- Extended season for northern pike and whitefish and catch-and-release for trout open December 1 to third Saturday in May with artificial lures and/or maggots only.
- Catch-and-release for cutthroat trout.
- Combined Trout: 3 daily and in possession, none over 15 inches.
- · Northern pike: no limit.
- Artificial lures only within a 100-yard radius of the mouths of Rattlesnake Creek, Petty Creek, Fish Creek, Cedar Creek, Dry Creek, Trout Creek and St. Regis River.

Mouth of Flathead River to mouth of Thompson River

- · Catch-and-release for cutthroat trout.
- · Whitefish: open entire year with maggots or lures.
- Northern pike: open entire year with bait or lures.

Mouth of Thompson River to Idaho Border

- · Open entire year.
- Combined Trout: 5 daily and 10 in possession, only 1 over 22 inches.
- · Cutthroat trout: 3 daily and in possession, no size limit.
- Hook and Line: 2 lines with up to 2 hooks per line all year.

CLEARWATER RIVER DRAINAGE

Clearwater River upstream from Lake Inez Fish Barrier and all tributaries of the Clearwater River except the West Fork and Marshall Creek

- Closed to fishing from Rainey Lake fish barrier downstream for 100 yards.
- Catch-and-release for cutthroat trout.
- Catch-and-release for bass.
- Northern Pike: no limit.
- Combined Trout: 3 daily and in possession, none over 12 inches.
- Spearing: open for northern pike.

Clearwater River from Lake Inez fish barrier downstream to Salmon Lake outlet

- Closed to fishing from Lake Inez fish barrier downstream for 100 yards.
- Open entire year.
- · Catch-and-release for bass.
- · Northern Pike: no limit.
- Spearing: open for northern pike.
- Snagging: open for salmon from Lake Inez Fish Barrier to Seelev Lake from September 15 through November 30. Closed to snagging from Seeley Lake to Salmon Lake.
- CLEARWATER RIVER DRAINAGE is continued on page 32.......

CLEARWATER RIVER DRAINAGE continued

Clearwater River from Salmon Lake outlet to mouth, including Blanchard Lake and Elbow Lake

- Open entire year.
- · Catch-and-release for cutthroat trout.
- · Catch-and-release for bass.
- · Northern Pike: no limit.
- Combined Trout Limit: 3 daily and in possession, none over 12 inches.
- Spearing: open for northern pike.

Lakes (Lake Alva, Lake Inez, Placid Lake, Salmon Lake and Seeley Lake)

- · Catch-and-release for bass.
- · Northern Pike: no limit.
- Spearing: open for northern pike.
- · Salmon: see individual waters for special regulations.

COAL CREEK AND TRIBUTARIES (tributary to North Fork Flathead River)

Closed entire year.

COPPER CREEK (tributary to Blackfoot River)

- Catch-and-release for cutthroat trout.
- Artificial lures only, including within a 100-yard radius of the mouth.
- Combined Trout: 3 daily and in possession, no rainbow trout over 12 inches, any size brown trout.

COTTONWOOD CREEK (tributary to Blackfoot River)

- Catch and release for cutthroat trout.
- Combined Trout: 3 daily and in possession, no rainbow trout over 12 inches, any size brown trout.

DALY CREEK (tributary to Skalkaho Creek)

· Catch-and-release for cutthroat trout.

DRY CREEK (tributary to Clark Fork River)

Artificial lures only within 100-yard radius of the mouth.

DUNHAM CREEK (tributary to Monture Creek, Blackfoot drainage)

- · Catch-and-release for cutthroat trout.
- Combined Trout: 3 daily and in possession, no rainbow trout over 12 inches, any size brown trout.
- · Artificial lures only.

EAST FORK YAAK RIVER AND TRIBUTARIES ___

Combined Trout: 3 daily and in possession, none over 10 inches.

ECHO LAKE (near Anaconda)

- Open third Saturday in May through March 31.
- Combined Trout: 5 daily and in possession, includes brook trout.

ECHO LAKE (near Bigfork)

- Bass: 1 daily and in possession from the third Saturday in May to July 1, must be over 22 inches. 5 daily and in possession from July 1 to the third Saturday in May, only 1 over 12 inches.
- Spearing: open for northern pike through the ice only, daily limit of 2.

ELK CREEK (tributary to Swan River)

Closed entire vear.

EMILY SPRINGS (tributary to Georgetown Lake)

Closed entire year.

FENNON SLOUGH

- Open entire year.
- Bass: 1 daily and in possession from the third Saturday in May to July 1, must be over 22 inches. 5 daily and in possession from July 1 to the third Saturday in May, only 1 over 12 inches.
- Hook and Line: 2 rods and/or lines with up to 2 hooks per line all year.

FISH CREEK AND TRIBUTARIES (Clark Fork River drainage)

Entire drainage

Artificial lures only, including within a 100-yard radius of the mouth.

Mainstem downstream of the confluence of the South and West forks

- Catch-and-release for cutthroat trout.
- Combined Trout: 3 rainbow or brown trout in any combination daily and in possession, none over 15 inches.

FISHTRAP CREEK AND TRIBUTARIES (Thompson River drainage)

Excluding Fish Trap Lake

- Combined Trout: 3 daily and in possession, none over 10 inches.
- Artificial lures only.

FLATHEAD LAKE

- Catch-and-release for cutthroat trout.
- Whitefish: 100 daily and in possession.
- Lake trout: 100 daily and in possession, only 1 over 36 inches, and all fish 30 to 36 inches must be released.
- A Flathead Indian Tribal Permit is required to fish on the southern half of the lake.

FLATHEAD RIVER

Confluence of the North and Middle forks (near Blankenship Bridge) downstream to Flathead Lake

- Extended season for whitefish and lake trout, and catch-and-release for other game fish, except northern pike, from December 1 through the third Saturday in May with artificial lures and/or maggots only. From the mouth of the Stillwater River downstream to Flathead Lake, no maggots and no scented artificial lures (infused, saturated or applied).
- Catch-and-release for cutthroat trout.
- Northern pike: extended season for northern pike from December 1 through February 28, artificial lures only.
- · Whitefish: 100 daily and in possession.
- Combined Trout: 5 daily and in possession.
- Lake trout: 15 daily and in possession.

Flathead Indian Reservation boundary to mouth

- Open entire year.
- Northern pike: 5 daily and in possession, must be over 24 inches.

FLATHEAD RIVER SLOUGHS

Brenneman, Church, Egan, Fennon, Half Moon, McWennegar, and Rose Creek

- Open entire vear.
- Combined Trout: 5 daily and in possession, only 1 over 22 inches.
- · Cutthroat trout: 3 daily and in possession, no size limit.
- Hook and Line: 2 rods and/or lines with up to 2 hooks per line all year.

Church and Fennon

 Bass: 1 daily and in possession from the third Saturday in May to July 1, must be over 22 inches. 5 daily and in possession from July 1 to the 3rd Saturday in May, only 1 over 12 inches.

FLINT CREEK

Downstream from Georgetown Lake

 Extended season for whitefish and catch-and-release for trout open December 1 to third Saturday in May with artificial lures and/or maggots only.

FOY LAKE

• Snagging: open for salmon from September 15 through November 30.

FRANK LAKE

Northwest 1/4 of the lake, as posted

Catch-and-release for rainbow trout from March 15 to May 1.

FRED BURR LAKE (Granite County)

Philipsburg water supply

· Closed entire year.

FRENCHTOWN POND

Bass: 3 daily and in possession, none over 12 inches.

GEORGETOWN LAKE

(see special season exception for the South and East shorelines)

- Open third Saturday in May through March 31.
- Salmon: no daily or possession limit.
- Combined Trout: 5 daily and in possession, only two of which may be brook trout.

South and East shorelines

 Closed to fishing from the shore or within 100 yards of the shore April 1 through June 30. The closed area extends from a point 200 yards west of Denton's Point Marina (along the shore, including all of Stuart Mill Bay) to a point 200 yards north from the mouth of North Fork Flint Creek.

Tributaries to Georgetown Lake (Hardtla, North Fork Flint, and Stuart Mill creeks)

- Open July 1 through November 30.
- · Catch-and-release for brook trout.

GOAT CREEK (tributary to Swan River)

· Closed entire year.

GOLD CREEK (tributary to Blackfoot River)

- · Catch-and-release for cutthroat trout.
- Combined Trout: 3 daily, no rainbow trout over 12 inches, any size brown trout.
- Artificial lures only, including within 100-yard radius of the mouth.

GRANITE CREEK AND TRIBUTARIES (Middle Fork Flathead River drainage)

· Closed entire year.

GRAVE CREEK (near Eureka)

 Snagging: open for salmon from Highway 93 bridge downstream to mouth September 15 through November 30. Standard limits apply.

HARDTLA CREEK (tributary to Georgetown Lake)

- Open July 1 through November 30.
- Catch-and-release for brook trout.
- Combined Trout: 5 daily and in possession.

HEIRONYMOUS POND

Combined Trout: 3 daily and in possession, includes cutthroat trout and brook trout.

HERRIG CREEK (tributary to Little Bitterroot Lake)

Closed entire year.

HOLLAND CREEK

Mouth on Holland Lake upstream to the Falls

Closed entire year.

HORSESHOE LAKE (near Ferndale)

· Catch-and-release for bass.

HORSESHOE LAKE (Thompson Chain of Lakes)

• Tiger muskellunge: 1 daily and in possession, must be over 40 inches.

HUNGRY HORSE RESERVOIR

Dam to Crossover Boat Ramp

- Bull trout: 1 daily and in possession from the third Saturday in May through August 15, maximum of 2 fish per license year. Catch-and-release the rest of the year with a Hungry Horse/South Fork Flathead permit validation on fishing license. A Hungry Horse/South Fork Flathead Bull Trout Catch Card must be in possession when fishing for bull trout. See Special Licenses requirements for application information. All bull trout must be released immediately or killed and counted as your limit when harvest is allowed. It is unlawful to possess a live bull trout for any reason.
- Combined Trout: Western District Wilderness Limits apply.

HUNGRY HORSE RESERVOIR TRIBUTARIES

- Combined Trout: Western District Wilderness Limits apply.
- Also see South Fork Flathead River regulations.

JOB CORPS PONDS (Deer Lodge County)

see Warm Springs WMA map on page 43

- · Open August 15 through September 30.
- Catch-and-release only.
- · Artificial lures only.
- Motorized boats/vessels prohibited.

KEELER CREEK

· Open third Saturday in May through July 15.

KOOTENAI RIVER

Libby Dam to Highway 37 Bridge, near Fisher River

- Open June 1 through March 31.
- Combined Trout: 4 daily and in possession, includes 3 under 13 inches and 1 over 24 inches.

Highway 37 Bridge, near Fisher River, to Idaho Border

- Open entire year.
